Fall 2000

Fifth Job with ADECO

The First Presbyterian Church of Saint Mary's, Ohio, is our fifth project with our friends from ADECO, Inc. of Springboro, Ohio. The design-build firm specializes in church construction and began working with our company in 1994. We have had a solid relationship ever since.

Our crew began assembling First Presbyterian's 56'x70' rectangle on October 3, and finished assembly October 8. The on-site supervisor, Tom Betts, was always one step ahead of us. He made the project run smoothly. We appreciate his thoroughness.

We wish the congregation of First Presbyterian Church many years of happiness in their new complex.

Dedications Celebrated

The dedication of a new building is an exciting celebration for congregations. So many people work so hard to bring a building project together. We are proud to announce the completion of three of our recent projects:

Lakeshore Baptist Church, in Grand

Haven, Michigan, dedicated its new building on Sunday, August 13. This is a brand new complex for the congregation. Our crew assembled the church's 96' octagon in January of 2000. Lakeshore Baptist is our third project with the McMaster Corporation and Aslan Architecture of Grand Rapids, Michigan. As always, Jim Meek and Jerry McMaster can certainly be proud of their work in Grand Haven.

On September 10, 2000 Echo Meadows Church of Christ dedicated its multi-purpose facility. Our crew assembled the Oregon, Ohio's, 70'x89' rectangle in September of 1999. This was another joint project with our friends from ADECO, Inc. This was our fourth project with the Springboro, Ohio based design-build group. Several of the UCS staff members had a chance to visit the

Looking Forward

When the leaves start to change colors and the kids go back to school, our assembly crew packs their bags. Fall is typically our busiest building season and it does not usually slow down until Christmas.

The following will give you an idea where and what we will be doing the next few months:

October 16:

Farmland Friends
Farmland, Indiana
110' geodesic dome

October 23:

First Church of God
Virginia Beach, Virginia
70' square

October 30:

Christian Love Fellowship
Ypsilanti, Michigan
92'x126' rectangle

November 6:

Word of Life
Newark, Delaware
80' geodesic dome

November 13:

Central Islip Church of Christ
Central Islip, NY
70' geodesic dome

November 17:

St. Mark's Baptist Church
Pemberton, NJ
100' octagon

November 27:
